

BOOK VS MOVIE

ISMAIL ABOULFADL

PERIOD 2

SIMILARITIES

1. Key Plot Points: The key elements of the plots of both the books and the movies are basically the same, because Katniss Everdeen volunteers in place of her sister to the cruel Hunger Games, adventures through the deadly arena, and becomes an instant icon of rebellion against the oppressive Capitol.
2. Character Arcs: Katniss evolves from a selfish survivor to a leader and symbol of hope in the book and in the movie as well.

4. Themes of Oppression and Rebellion: Both the movie and book explore themes of unfairness between rich and poor people, government control, and the power of individual courage. They both show how cruel the Capitol is and how people might rise up against it.

DIFFERENCES

1. Character Development: The book shows us more of the characters' thoughts and feelings. For example, Katniss' ideas about herself, her relationship with Peeta, and her role as a symbol of the rebellion are much more developed in the book.
2. Ending: The movie usually follows the story from the book. But it can change the end of the story. Filmmakers have changed the ending compared to the book. They usually want to make it more exciting to entertain the viewers. They do this to get more people to go to the cinema and sell more tickets.

3. The movie only shows us a little bit about the different districts, but the book tells us more about how they live, what they do, and how the Capitol treats them.
